Such is the history of Dr. J. T. Holmes and Holmes Dental Service in this city. And underlying it all there is a great big reason. We do not heap this honor upon our own shoulders. The credit goes to the people of South Bend and the immediate vicinity. Our part was to offer the highest grade dentistry obtainable at a guaranteed saving of no less than 50 per cent. At first some ridiculed the idea. Slowly, but steadily, our list of friends grew. One person telling another

of the splendid work, treatment and reasonable prices received from the hands of Dr. Holmes.

The list of friends grew by leaps and bounds and today, thanks to our many friends,

Holmes Dental Service stands for the highest grade dentistry obtainable in this community

However, it is our desire to make many more friends. Dr. Holmes welcomes you to his office. He will appreciate the pleasure of having you consult him. He will be glad to discuss your dental problems. We are equipped with the latest appliances known to dental science and have only dentists of years of experience. We maintain the most complete laboratory to be found, which is under the supervision of men who have devoted years to the study of their profession.
